EXECUTIVE SUMMARY

Eight rivals. One open lane.

- **Specialists own each segment:** Tractive (pets), Hausnotruf (seniors), Webfleet / Vimcar (fleet).
- **AirTag sets the price anchor:** €35, no subscription, but not live.
- **PAJ is the only player across pets, people and vehicles** in one app.
- **Play:** live 4G at a fair price; win on breadth to grow devices per customer.

BATTLE CARD · PETS

PET Finder 4G vs Tractive · AirTag

"Live 4G tracking for your dog, at a fair price, in one app for the whole family."

WHY WE WIN

- **Live, anywhere.** 4G, not Bluetooth.
- **Fair price.** Below Tractive per month.
- **One app.** Dog, parents, car, van.
- **German.** GDPR, local support.

LANDMINES TO SET

1. "What if your dog runs where no iPhone is?"
2. "What will it cost you over 2 years?"
3. "Who else in your family needs tracking?"

OBJECTIONS → ANSWER

"Tractive is the known brand"	Same live tracking, lower monthly cost.
"I want health stats"	We focus on finding your dog. Fast.
"AirTag is cheaper"	Until your dog is in a field with no phones.
"Battery too short"	Up to 5 days + low-battery alert.

DON'T

- Attack Tractive health features
- Promise exact battery days
- Sell to owners of dogs < 4 kg
