The protective dog owner

"Find my dog fast when it runs off."

Minutes
VALUE METRIC: TIME TO FIND

PET Finder 4G
LEAD PRODUCT

PROFILE

WHO
Dog owner, 25–55 · also outdoor cats

WHERE
DACH / EU · suburban, rural

DOG
> 4 kg · hunting, rescue, escape-prone breeds

BUYER / USER
Owner = buyer = user

PAINS

- Dog bolts, hunts, gets lost
- Fear of theft
- AirTag fails away from phones
- Panic: no idea where to start

TRIGGERS

- New puppy / rescue dog
- Near-loss incident
- Move to countryside
- Holiday, hiking season

CHANNELS

- Amazon, pet retail
- Vets, dog trainers
- Dog forums, Facebook groups
- Instagram, YouTube reviews

BUYING CRITERIA

1. Live location, any distance
2. Battery life
3. Weight on collar
4. Waterproof
5. Monthly cost

OBJECTIONS → ANSWER

"Another subscription"	From ~€5/mo — less than one dog toy (verify)
"Battery dies too fast"	Up to 5 days; low-battery alert
"AirTag is enough"	AirTag needs phones nearby. PAJ is 4G live.
"Too heavy for my dog"	Light, collar-mounted; for dogs > 4 kg

FIT & EXPANSION

GOOD FIT
Outdoor dogs, off-leash walks

DISQUALIFY
Indoor-only pets · dogs < 4 kg

CROSS-SELL (GOAL 2)
2nd pet · car tracker · parent tracker — same app

ICP 2 · SENIORS · B2C

The caring adult child

"Know mum is safe, without taking her independence."

Peace of mind
VALUE METRIC: SOS RESPONSE

EASY Finder 4G
LEAD PRODUCT

PROFILE

BUYER
Adult child, 40–65, often lives away

USER
Parent 75+, lives alone, early dementia

WHERE
DACH / EU

INFLUENCERS
Siblings, doctor, care service

PAINS

- Wandering, getting lost
- Falls outside the home
- Parent can't use a smartphone
- Guilt, distance, worry

TRIGGERS

- First wandering episode
- Fall or hospital stay
- Dementia diagnosis
- Partner dies, parent alone

CHANNELS

- Google: "GPS tracker dementia"
- Amazon, pharmacies
- Care services, GPs
- Facebook carer groups

BUYING CRITERIA

1. Senior will actually wear it
2. One-press SOS
3. Zero setup for the senior
4. Geofence alerts
5. Price vs Hausnotruf

OBJECTIONS → ANSWER

"She won't wear it"	Small, pocket or keyring. Nothing to charge daily.
"Too complex"	Senior presses one button. You use the app.
"Feels like spying"	Geofence only alerts when needed. GDPR, German.
"We have Hausnotruf"	Hausnotruf stops at the door. PAJ goes with her.

FIT & EXPANSION

GOOD FIT
Mobile senior, still walks out alone

DISQUALIFY
Full-time residential care with own system

CROSS-SELL (GOAL 2)
2nd parent · Premium history · family pet

ICP 3 · FLEET · B2B (SMB)

The hands-on fleet owner

"See every vehicle and machine. Cut cost and theft."

LEAD PRODUCTS

FIRMOGRAPHICS

SIZE
3–50 vehicles · < 250 staff

INDUSTRIES
Trades, delivery, construction, rental, plant hire

BUYER
Owner / ops manager

USER
Dispatcher, office manager

PAINS

- Vehicle and equipment theft
- Fuel, private-use cost
- Manual logbooks, disputes
- No live dispatch view

TRIGGERS

- Theft of van or machine
- Tax / logbook requirement
- Fleet grows past ~5
- Insurer demands tracking

CHANNELS

- Google, Amazon Business
- Trade associations
- Insurers, leasing firms
- Resellers, installers

BUYING CRITERIA

1. Price per vehicle
2. Plug & play install
3. Theft alarm + recovery
4. No long contract
5. Route history, logbook

OBJECTIONS → ANSWER

"Drivers / works council"	GDPR-ready, German company · private-trip mode (verify)
"Telematics is expensive"	Fraction of Webfleet. No 36-month lock-in.
"Installation hassle"	Magnetic or 12V. Minutes, no installer.
"We need integrations"	Portal export today. ERP needs → not our ICP.

FIT & EXPANSION

GOOD FIT
Mixed fleet: vans + trailers + machines

DISQUALIFY
> 200 vehicles, deep ERP / telematics needs

EXPAND (GOAL 2)
Land 3 → grow per vehicle · equipment add-on
